

PHOS-K

Fertilizer

Soluble concentrate - SL

- Delivers phosphorus, potassium and magnesium.
- Stimulates the microbial life in the soil due to its high content of organic carbon.
- Organic fertilizer for foliar and soil application.

CONTENTS

Total Nitrogen (N)	2.0 %
Available Phosphorus (P2O5)	11.0 %
Water-Soluble Potassium (K2O)	8.0 %
Calcium (Ca)	0.3 %
Water-Soluble Magnesium (MgO)	18.0 %
Combined Sulfur (S)	1.0 %
Sodium (Na)	0.2 %
Total oxidizable organic carbon	6.0 %

DOSES

Sugarcane	4.0 L/ha
Rice	2.0 - 3.0 L/ha
Musaceas	1.0 - 2.0 L/ha
Plant nurseries	1.0 - 2.0 L/ha
Gardens	1.0 - 2.0 L/ha
Grasses	2.0 - 3.0 L/ha

Doses for 200 L/ha water use per application.

ADDITIONAL INFORMATION

- PHOS-K is compatible with most of the ag-inputs however, it is recommended to do plant toxicity tests for new mixtures and crops.
- Store at temperatures between 39 to 108 °F.
- Keep the product labelled and closed in the original container.
- For more information about PHOS-K uses and applications, contact an agronomist of the company.
